## Exemption from provisions of Health and Safety at Work (Hazardous Substances) Regulations 2017

---

In accordance with section 220 of the Health and Safety at Work Act 2015 (the Act), I, Tony Hetherington, Head of High Hazards, Energy and Public Safety at WorkSafe New Zealand, exempt Shridhar Enterprises Limited from compliance with regulation 11.22 of the Health and Safety at Work (Hazardous Substances) Regulations 2017 (the HS Regulations) for the current site at 267 Mount Smart Road, Onehunga, Auckland ('the site').

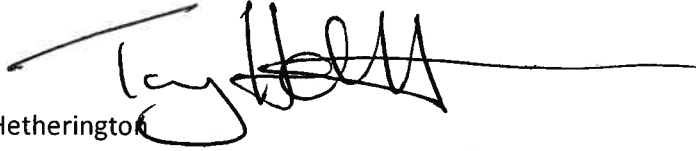

I do so having had regard to the prescribed requirements in regulation 11.40 of the HS Regulations; and being satisfied that the extent of the exemption is not broader than is reasonably necessary to address the matters that gave rise to the proposed exemption, and that the exemption is not inconsistent with the purpose of the Act; and subject to the following conditions—

Shridhar Enterprises Limited:

- (1) must maintain a minimum separation distance of 5.6 metres (the current separation distance) between the LPG filling station and the retail building; and
- (2) must ensure that LPG cylinders are not stored adjacent to the cylinder filling station; and
- (3) must not use the forecourt LPG cylinder filling station to fill cylinders of LPG with a capacity of more than 9 kilograms of LPG; and
- (4) must ensure that there are no more than two LPG cylinders at the forecourt cylinder filling station; and
- (5) must ensure LPG cylinders with a capacity of 4 kilograms of LPG or greater must be filled with the ullage tube closed; and
- (6) must provide a copy of this exemption to any compliance certifier engaged to issue a location compliance certificate for the new flammable liquids store; and
- (7) must hold a copy of this exemption at the site.

This exemption takes effect on 25 January 2021 and expires on 25 January 2026 unless it is replaced sooner or revoked.

Signed at Wellington this 18<sup>th</sup> day of December 2020

A handwritten signature in black ink, appearing to read 'Tony Hetherington', written over a horizontal line.
