Exemption from provisions of Health and Safety at Work (Hazardous Substances) Regulations 2017

In accordance with section 220 of the Health and Safety at Work Act 2015 (the Act), I, Michael Hargreaves, Acting Chief Executive at WorkSafe New Zealand, exempt Ravensdown Aerowork Limited from compliance with regulation 16.23 of the Health and Safety at Work (Hazardous Substances) Regulations 2017 (the HS Regulations) for the vehicles identified in Appendix 1.

I do so being satisfied that the extent of the exemption is not broader than is reasonably necessary to address the matters that gave rise to the proposed exemption, and that the exemption is not inconsistent with the purpose of the Act.

The exemption is subject to the following conditions—

- (1) Ravensdown Aerowork Limited must ensure that vehicles identified in Appendix 1 –
 - (a) have their load tanks located at least 500 millimetres in front of the centre of the rear axle; and
 - (b) the fertilizer loading equipment must be located at the rear of the vehicle.
- (2) A copy of this exemption must be held at the head offices of Ravensdown Aerowork limited.
- (3) Everyone who operates one of the vehicles in Appendix 1 must be aware of this exemption and that a copy is held at head offices of Ravensdown Aerowork limited.

This exemption takes effect on 25 January 2021 and expires on 25 January 2026 unless it is replaced sooner or revoked.

Signed at Wellington this 22nd day of DECEMBER 2020

Michael Hargreaves, Acting Chief Executive
WorkSafe New Zealand

Appendix 1 - Vehicles to which this Exemption Applies.
