**Substance:**

## Specific questions

Do you agree with the proposed REI(s)?  Yes  No

If not, please provide alternative REI(s) and justification for your proposed REI(s):

Is there better data available to input into the REI modelling?  Yes  No

If you have data to provide, please attach it to your submission email and explain how it is relevant:

## Restricted entry intervals for specified pesticides

Do you agree with having an REI for crops not listed on the label?  Yes  No

Is there any better data available on re-entry worker activities for any existing and potential future 'off label' uses?  Yes  No

If you have data to provide, please attach to your submission email.

### If applicable to this substance

Do you agree with setting a 24 hour REI for substances that are skin sensitisers which otherwise do not require an REI?  Yes  No

Is it valid to assume that dermal exposure of re-entry workers is unlikely for existing label claims for pre- and post-emergence weed control?  Yes  No

In the Toxicology Consulting Ltd report there are some substance specific questions under the consultation section for specific substances. If you would like to comment, please do so here:
