

## **Exemption from provisions of Health and Safety at Work (Hazardous Substances) Regulations 2017**

In accordance with section 220 of the Health and Safety at Work Act 2015 (the Act), I, Simon Humphries, Deputy General Manager, Investigations and Specialist Services of WorkSafe New Zealand, exempt **Mr Reece Swann** from compliance with regulations 15.13, 15.16 and 15.17 of the Health and Safety at Work (Hazardous Substances) Regulations 2017.

I do so –

- being satisfied that:
  - the extent of the exemption is not broader than is reasonably necessary to address the matters that gave rise to it; and
  - the exemption is not inconsistent with the purpose of the Act; and
- subject to the following conditions:
  - This exemption is limited to the two cylinders with the serial numbers 00116, and 00119. It is not a type approval for other cylinders of similar or identical design.
  - Southern Gas Services Ltd must ensure that the letters LAB1440SP and the station mark are stamped on these two cylinders in accordance with regulation 15.60.
  - This exemption decision is subject to the cylinder passing its testing in accordance with Regulation 15.56.

This exemption takes effect on <sup>21</sup>14 September 2018 and expires on <sup>21</sup>14 September 2023 unless it is sooner replaced or revoked.

Signed at Wellington this <sup>21<sup>st</sup></sup> day of <sup>September</sup> 20<sup>18</sup>

Simon Humphries

Deputy General Manager, Investigations and Specialist Services (acting)

WorkSafe New Zealand
