Issuer Identification: (as affixed to the article)	Signature
	Date
	6-4-10

Name of NZ entity that imported or manufactured product who is responsible for the compliance of this product

Applicable standards cited in Schedule 4 of the ESR 2010, at the time of declaration, to which compliance is declared

Record if NZ variations are applicable. If a AS/ NZS standard is cited mark as NA, as it is not applicable

Name(s) and address(es) of entities assessing the product for compliance with compliance standards

List any quality control activities, such as production tests and inspection carried out on all production or sampling systems or factory inspections, etc

Any marking that appears on the product that uniquely identifies the declarer. Can be logo, SCN or NZ brand name, etc

This is the unique number you choose to give this specific SDoC as the SDoC identity

Full trading or registered address of NZ importer/ manufacturer

Detailed description of product that adequately identifies the product declared including electrical ratings

A recognised alternative to complying with cited standards is a product brought into NZ under the explicit conditions of the CCC (China agreement)

Record actual test standards, reports or other documentation used for supporting documentary evidence of compliance with cited standards

List any management control system used in manufacture and/or the import process to ensure continued compliance, if any

Person formally authorised by the declaring company management to make such declaration

Date actual declaration made. It cannot be backdated. **Note:** a Medium Risk product requires an SDoC prior to being offer for sale.

¹ Every declaration of conformity should be uniquely identified.
² The responsible issuer must be unequivocally specified.
³ The "Article" must be unequivocally described so that the declaration of conformity may be related to the article in question. For mass-produced products, it is not necessary to give individual serial numbers. Where variants of an article are to be covered, these must be detailed.
⁴ Text should appear here only if any limitation on the validity of the declaration of conformity and/or any additional information are given.
⁵ Full name and function of the signing person(s) authorised by the issuer's management to sign on its behalf should be given. The number of signatures, or equivalent, included will be the minimum determined by the legal form of the issuer's organization.
